THE TALE OF PRINCESS KAGUYA

Theater at Monmouth brings adaptations of classic literature to students across the state! For 2017 we'll present a world-premiere adaptation of *The Tale of Princess Kaguya* (grades pre-k to 8th) to deepen understanding of, appreciation for, and connection to classic literature for learners of all ages.

A mysterious baby is discovered inside a glowing stalk of bamboo. Raised with love and devotion, Kaguya grows into a caring and intelligent young woman. Her true identity is revealed when an ambassador arrives to return her to the moon; but first she bestows a great gift, saving the earth she has come to cherish.

Education Connections

In this adaptation, students explore Japanese literature, stereotypes, and sustainability. Extension activities include an examination of ways in which students can take responsibility for our earth. The original 10th-century tale, *Taketori Monogatari*, is the earliest known piece of Japanese literature.

Workshops and Residencies

TAM offers workshops and extended residencies for students to explore classic literature, building analytical and literacy skills, and fostering creativity and imagination.

From Page to Stage Workshops and Extended Residencies

Adaptations can take many forms. Sometimes an author takes a work in one medium (like a novel, a stage play or a comic book) and adapts it into another medium (like a film, a television show or an opera). In the 45-minute workshop for grades pre-k through 3rd, students will explore the art of adaptation through creating characters and developing their own 10-minute plays based on fairy tales and nursery rhymes. For grades 4 through 8, students explore playwriting through adaptations of fables and folktales. Fees: \$100 per workshop; multiple classroom discounts are available.
